MATERIAL SAFETY DATA SHEET

IDENTITY (As used on label and list)
TURBO LOCK SERIES 15 – RED LARGE BOLT
HIGH STRENGTH PERMANENT (up to 1 ½")
ANEROBIC THREAD LOCKER

Part Numbers for this MSDS: 15-000, 15-001, 15-010, 15-050, 15-250, 15-1000

SECTION I

Emergency Telephone Number	
1-800 964-6660	
Telephone Number For Information.	
843 686-2345	
Date Prepared	
09/02/2011	
Signature of Preparer (optional)	
_	1-800 964-6660 Telephone Number For Information. 843 686-2345 Date Prepared 09/02/2011

SECTION II - Ingredients/Identity Information

COMPOSITION ON INGREDIENTS		CAS NO.	%	EC NO
Polyethlyene Glycol Dimethacrylate	Xi: R36/43	923-26-2	45 - 65	213-090-3
Trimethylolpropane Triacrylate	Xi: R36/38 R43	15625-89-5	10 - 25	239-701-3
Cumene Hydroperoxide	O: R7 T: R23 Xn: R21/22, 48/20/22 C: R34 N: 51,53	80-15-9	0.5 - 3	201-254-7
1-Acetyl-2Phenylhydrazine	Xn: R20/21/22 R40 Xi:R36,37/38 R43	114-83-0	0.01 – 0.95	204-055-3

Risk Phrases:

R7: May cause fire. R20/21/22: Harmful by inhalation, in contact with skin, and if swallowed. R23/24/25: Toxic by inhalation, in contact with skin, and if swallowed. R34: Causes burns. R36/37/38: Irratating to eyes, respiratory system and skin.

<u>R40</u>: Limited evidence of a carcinogenic effect. <u>R43</u>: May cause sensitization by skin contact. <u>R48/20/22</u>: Harmful: danger of serious damage to health by prolonged exposure through inhalation & if swallowed. <u>R50</u>: Very toxic to aquatic organisms. <u>R51/53</u>: Toxic to aquatic organisms.

SECTION III - Physical/Chemical Characteristics

Form:	Flash Point:	Solubility in Water:	
Liquid	>100° C	Low Solubility	
Odor:	Flammability:	Solubility in Solvents: Miscible in	
Slightly sweet, characteristic	Non-Flammable	organic solvents eg Acetone	
Color:	Explosive Properties:	Vapor Density:	
Red	Na	Not established	
pH Value:	Oxidizing Properties:	Partioning Coefficient low Pow	
~3-5	None	Not established, but likely <3	
Melting Point:	Vapor Pressure:	Evaporation Rate:	
Na	~0.1 mmHg (20°C)	Not established	
Boiling Point:	Relative Density:		
Na	~1.08		

SECTION IV - Fire And Explosion Hazard Data

Extinguishing Media

Alcohol Resistant Foam, Dry Powder, Carbon Dioxide. DO NOT USE Direct water Jets

Hazardous Decomposition:

Possible risk of explosion. Toxic fumes are produced in fire. CO, Co2, oxizes of nitrate possibly evolved.

Special Procedures

Do not breathe decomposition products and fumes. Use approved self-contained breathing apparatus.

Health Hazard Codes

Health: 1 Fire: 1 Reactivity: 1 PPE: H

SECTION V - Health Hazard Data

Routes of Entry	Inhalation?	Skin?	Eyes?	Ingestion?	
	Yes	Yes	Yes	Yes	
First Aid Measures:	Inhalation:	Remove to fresh Air. If s	ymptoms develop	and persist, get medic	al attention.
		Remove contaminated clowash with soap. Get med	-	•	h plenty of water, then
	Eye Contact:	Flush with copious amou holding eyelids open all		•	for at least 15 minutes,
	Ingestion:	Do not induce vomiting. occurs – seek medical att			of aspiration if vomiting
General:		loves and face/eye protects and/or dermatitis in se			ure may lead to

Section VI – Accidental Release Measures

Exposure Controls

Ventilate area. Do not allow spill to enter drains and watercourses.

Personal Protection

Wear suitable respitory protection for large spills and confined spaces. Wear polythene gloves, chemically resistant overalls and boots, eye protection.

Cleanup:

Absorb in inert material such as sand or absorbent granules. Scoop up in plastic container to await transfer.

SECTION VII - Safe Handling and Use

Handling:

Avoid contact with eyes, skin and clothing. Avoid breathing vapor and mist. Wash thoroughly after handling. Ensure adequate ventilation.

Storage:

For safe storage, store at or below $100^{\circ}F$. Keep in cool, dry, well-ventilated area out of direct sunlight. Store in tightly closed containers. Do not allow to contact or store in aluminum, mild steel, rusty steel, copper or (alloys of), or tin vessels.

Occupational Exposure Limit:

Not Applicable.

Wear polythene, neoprene or nitrile gloves. Do not use PVC or latex.

Wear eye goggles. Ensure eye-wash stations are close at hand.

After skin contact, wash immediately with plenty of water.

If handling large quantities, wear suitable protective clothing.

Use in well ventilated areas. Use local exhaust ventilation if exposed for long periods.

If excessive inhalation in a poorly ventilated area is likely, use a respirator with filter type A.

SECTION VIII – Stability & Reactivity

Stability

Stable at normal temperatures.

Conditions to Avoid

Elevated temperatures, direct sunlight, sources of ignition, low oxygen environments. Hazardous exothermic polymerization can occur if exposed to elevated temperatures for periods of time. Air space/oxygen above the product is vital to keep formulatory inhibitors active.

Materials to Avoid:

Oxidizing agents. Free-radical initiators, reducing metal oxides. Do not allow to contact or store in aluminum, mild steel, rusty steel, copper or (alloys of), or tin vessels

Hazardous Decomposition Products:

Combustion/exothermic polymerization will generate oxides of carbon, acrid smoke and irritating fumes.

SECTION IX – Toxicological & Ecological Information

Acute Toxcity:	Oral:	Expected to be very low.
	Inhalation:	Expected to be low.
	Skin:	Expected to be low.
	Respiratory Tract:	Mild irritation of nose and throat.
Ecological:	Ecotoxicity:	Considered to be low.
	Bioaccumulative Potential:	Expected to be low.
	Persistance:	Considered to be biodegradable.
	Mobility:	Considered to be relatively low due to low water solubility

SECTION IX – Disposal Considerations

Do not discharge into drains or waterways.

Product residues can be cleaned out of containers.

Alternatively, product can be polymerized using an Activator, although with care in polymerizing large quantities due to exothermic reaction. Hardened product can be disposed of as chemical waste by incineration or licensed contractors.

Clean containers can be disposed of by landfill or incineration, or possibly recycled.

SECTION X – Transport Information	
Land Transport (USDOT):	
Proper shipping name:	Unrestricted
Hazard class or division	None
Identification Number	None
Packing Group	None
Sea Transportation (IMDG):	
Proper shipping name	Unrestricted
Hazard class or division	None
Identification Number	None
Packing Group	None
Air Transportation (IATA/ICAO):	
Proper shipping name	Unrestricted
Hazard class or division	None
Identification Number	None
Packing Group	None
